

PROVIDER ALERT

DELAY OF ONLINE VOUCHER REPORTING FOR THE 01/03/12 CHECK RUN

JANUARY 5, 2012

Due to longer than anticipated processing time by Pay-Span, online voucher reporting related to the 01/03/12 check run has been delayed. We expect it to be available by noon today. The actual ACH (direct deposit) payments were released from the State's bank account per the normal schedule and funds should be available in provider bank accounts as usual. We suggest providers check with their individual banks if confirmation of receipt of payment is desired. Paper check payments have been printed and mailed as usual.

We regret any inconvenience you may experience.
