

BHA/MedChi Behavioral Health Webinar Series: Helping the Helpers and Those They Serve

The Maryland Department of Health (MDH) Behavioral Health Administration (BHA) and MedChi jointly sponsor a webinar series, the BHA/MedChi Behavioral Health Webinar Series: Helping the Helpers and Those They Serve.

These webinars are for Maryland's behavioral health and medical health care workers of all disciplines, whether working in community or hospital settings. They are designed to enhance both health care worker self-care and resultantly the care they provide, as health care workers combat numerous stressors including the COVID-19 pandemic, social justice issues, and other stressors that can potentially impact delivered care.

CMEs will be available at no cost, as will Participant Certificates, which for other disciplines may qualify for CEUs or other continuing education credit, although these are not approved for CEUs by the Maryland Board of Social Work Examiners. Participants should check with their certifying organizations to see how these would apply.

All webinars are on the second Thursday of the month from 5-6pm. For questions, or if you are interested in delivering a presentation, being a moderator, or have self-care topics/presenters to suggest, contact Steve Whitefield at steven.whitefield@maryland.gov.

October 12: The Mental Health Benefits of Exercise and Healthy Eating.
